Sir,

Instructed by my client Mahmood Shariff, Landlord, Biltoor Village, Bidarhalli Hobli, Hoskote Taluk, I write to you the following:-

Whereas my client is the owner of lands bearing Survey Number 8,9,10,11 and 12, Biltoor Village, Bidar-Halli Hobli, Hoskote Taluk, and situated below the Yellemallappa Tank, and whereas water was used to be supplied to these lands for cultivation purposes from the said tank and whereas on the 14th May 1926, the Government of Mysore stopped the supply of water to the lands of the locality as it was needed for human consumption and declared that such diversion would continue till 30th June 1927, the usual supply being assured after that date, and whereas acting upon the said assurance, my client raised on his lands, potato, plantain, crops, spent thereon a lot of money in the shape of labour and took a lot of personal care and trouble, with the hope that all these will be sufficiently compensated for but now my client finds that instead of effecting the assured supply of water after 30th June 1927, the Government have continued the utilization of the same for other than cultivation purposes with the effect that my client's crops have failed and expected yield reduced to zero. My client, therefore, wants me to inform you on his behalf that on account of the aforesaid failure of the Government to allow my client the required supply of water, he has

sustained a loss of Rs.500/- per acre, for which my client claims a compensation from the Government.

My client further states that on account of the failure on the part of the Government to supply water to his paddy fields situated in the same locality, My client has sustained a loss of Rs.100/- per acre, which calculated on the total extent of his land (14 Acres 23 Guntas) comes up to about Rs.1400/- .

In case the Government fails to make a compensation as detailed above my client will be put to the painfull necessity of moving further in the matter.

The Deputy Commissioner's report shows that the petitioner has cultivated the land in the same way as others holding lands under the tank have done and that he did not raise any crop requiring heavy outlay, on the assurance of supply of water to his lands. The Sub Division Officer, Dodballapur, who inspected the lands reports that the petitioner does not deserve any higher compensation than what he has proposed for others.

2. As regards the Deputy Commissioner's recommendation

re: compensation payable on the lands under the tank referred to in para 3 of his letter, a recommendation has been made to Government to sanction an additional allotment of Rs.3500 for payment of compensation to raiyats holding lands under the tank at the rate of Rs.50 per acre as against Rs.35 per acre sanctioned last year in order that they may not have recourse to Civil Courts.
